By signing this authorization, the said employer acknowledges full responsibility for payment for ALL services related to examinations, screening, diagnostic testing and treatment and or medications deemed necessary by the treating Physician for the authorized individual named in this form unless it is previously requested to collect payment at time of service from the individual. It is understood that services will be paid in full upon receipt of billing for all amounts due. It is also understood that the employer will be responsible for payment of all services related to injury or illness care of the employee if said case is determined work related or not, or if the claim is denied by the workers' compensation insurance carrier.
